**ALL ITEMS ON AGENDA ARE FOR DISCUSSION ONLY**

**Update on MFT Projects** – July 5, 2016 the MFT projects will begin. Curbs and sidewalks first then Potomac Street. Crack sealing on streets in Quail Hollow. Superior Striping will be out doing street striping on East Broadway and Christine Drive along with a few other streets.

Looking ahead Blatt area will be the focus for the 2016/2017 street project.

**Summerville Project** – Bid packets going out the first week of July – expecting to come before the full board for approval by second meeting in July. Work will be expected to begin immediately.

**CSL Sewer Project Update** – All pipe is almost all installed – expecting to have North Street and Industrial Drive paved very soon – the total project is expected to be done in about 8 weeks.

**All Village Parks** – Seasonal employees are doing most of the mowing which is allowing our PW staff to work on park improvements. Some new signage is going up. Looking ahead Blatt Park playground equipment is focused for the 2016/2017 budget.

All parks will continue to be updated overtime.

**50/50 Project** – looks like there are about 10 participants this year. We can expect the recommended bid to be brought before the board at the second meeting in July for approval.

*\*It was discussed that if any additional funds are available we will be focusing on South Forest west side and the north side of East Broadway to Route 50 for side walk improvements.*
