

PRIVATE SWIMMING POOLS

GENERAL PERMIT PROCEDURES:

- Call J.U.L.I.E. at 1-800-892-0123 for all utility locations
- Submit permit application completed in full along with a plot plan of your lot showing the J.U.L.I.E. line locations, proposed location of pool and electrical supply wiring & receptacle relating to property lines, house, garage and any other structures on your property.
- The Department of Building Standards will review completed applications and drawings within 14 days business days of receipt.

GENERAL ELECTRICAL CODES AND RESTRICTIONS:

- Overhead wires carrying any current are not permitted above the pool within twelve (12) vertical feet.
- Electrical wiring shall not be permitted under the pool.
- Overhead or underground electrical wiring is not permitted within five (5) horizontal feet from the inside wall of the pool.
- All power for pools shall have Ground Fault Circuit Interrupts (G.F.C.I.) receptacles with splash proof covers.
- All electrical wiring to permanent above-ground or in-ground pools shall be permanently installed to a controlled power source that has a disconnect no closer than 6 ft. from the inside wall of the pool. **NO EXTENSION CORDS WILL BE ALLOWED- NO EXCEPTIONS.**
- A distance of 12" minimum between gas line and electrical line.

POOL STRUCTURE SETBACK REQUIREMENTS:

- No swimming pool shall be located on a side yard, corner-side yard or front yard in any residential district.
- A 5-ft. setback shall be maintained from all property lines.
- A 10-ft. setback shall be maintained from the dwelling.
- A 5-ft. setback shall be maintained from all accessory structures, including detached garage.
- A 1-ft. setback from all easements.

After site approval from both the Building and Electrical Inspectors, secure your Pool permit from the Building Standards Office.

REQUIRED INSPECTIONS:

Electrical inspection of the trench & wiring, before it is covered, to ensure the proper depth of eighteen (18") inches and correct wiring type and conduit. Also E.M.T. is not allowed.

PLEASE SCHEDULE THE REQUIRED INSPECTION(S) AT THE TIME IT IS READY. THE VILLAGE OF BRADLEY ELECTRICAL INSPECTOR SHALL HAVE 48 HOURS FROM THAT TIME TO COMPLETE THE INSPECTION. THERE ARE NO INSPECTIONS ON WEEKENDS OR HOLIDAYS.

ENCLOSURES FOR PRIVATE SWIMMING POOLS, SPAS AND HOT TUBS

Private swimming pools, spas and hot tubs are to be enclosed in accordance with the following requirements:

FENCE\BARRIER REQUIREMENTS An outdoor private swimming pool, including an in-ground, above-ground or on-ground pool, hot tub or spa shall be provided with a barrier which shall comply with the following:

- The top of the barrier shall be at least 4-feet (but not more than 6-feet) above finished ground level, measured on the side of the barrier which faces away from the swimming pool. Where the top of the pool structure is above finished ground level, such as an aboveground pool, the barrier shall be at finished ground level, such as the pool structure, or shall be mounted on top of the pool structure. Where the barrier is mounted on top

of the pool structure, the opening between the top surface of the pool frame and the bottom of the barrier shall not allow passage of a 4-inch diameter sphere.

- Openings in the barrier shall not allow passage of a 4-inch sphere.
- Maximum mesh size for chain link fences shall be a 1-1 $\frac{1}{4}$ inch square but not more than a 1-3 $\frac{1}{4}$ inch square.
- Where the barrier is composed of diagonal members, such as a lattice fence, the maximum opening formed shall be not more than 1-3 $\frac{1}{4}$ inches.
- Access gates shall comply with the above requirements and shall be equipped with a locking device. Pedestrian access gates shall open outwards away from the pool and shall be self-closing and have a self-latching device. Gates other than pedestrian access gates shall have a self-latching device.
- Where the barrier is mounted on top of the pool structure, and the means of access is a fixed or removable ladder or steps, removal of the ladder or steps shall not constitute an acceptable alternative to enclosure requirements.

PROHIBITED LOCATIONS: Barriers shall be located to prohibit permanent structures, equipment or similar objects from being used to climb the barriers.

BARRIER EXEMPTIONS: A spa or hot tub with an approved safety cover and fixtures which are drained after each use shall be exempt from the provisions of this section.

POOL PERMIT WORKSHEET

DESCRIPTION

Size of the pool? _____

Is the pool In ground or above ground? _____

Is the pool heated? _____

The size of the heater? _____ BTU

What type of gas line? (Black pipe with coating or Flex line for direct burial with #12 tracer.) _____

How far is the run of the pipe? _____ Feet _____ Inches

Where is the pipe coming from? (inside or outside of the house)
